

1st September 2020

Dear Member

HARWORTH CHRISTIE ORGAN ENTHUSIASTS

After a mini meeting held on Thursday, 27th August, the committee unfortunately had to make a decision to cancel all organ concerts until at least to the end of this year due to the corona virus.

This was further endorsed by information from organists and venues who have already had to cancel.

We would not be able to serve refreshments or hold raffles and number to attend concerts would be cut due to spacing two metres apart. Along with many other restrictions such as sanitizing before and after the concert and the wearing of masks throughout the concert. All in all it would make it financially impossible.

In the meantime the organ as always will be maintained to a high standard. You will be kept informed of any further developments.

Regards

Liz and Harry
